Furthermore, any student wishing to register for CHEM 101, Foundations of Chemistry, must also take the Chemistry Placement test. The test is 55 minutes long with 60 graded questions. We use your score to recommend the best starting chemistry course for you so that you can be successful in those courses. We have seen that students with a score of lower than 35 (out of 60) have less than a 25% success rate in General Chemistry.

From the formation of the first institutions of representative government and the use of slavery in the seventeenth century through the American Revolution, the Civil War, the civil rights movement, and into the twenty-first century, Virginia's history has been marked by obstacles to democratic change. In *The Grandees of Government*, Brent Tarter offers an

extended commentary based in primary sources on how these undemocratic institutions and ideas arose, and how they were both perpetuated and challenged. Although much literature on American republicanism focuses on the writings of Thomas Jefferson and James Madison, among others, Tarter reveals how their writings were in reality an expression of federalism, not of republican government. Within Virginia, Jefferson, Madison, and others such as John Taylor of Caroline and their contemporaries governed in ways that directly contradicted their statements about

representative—and limited—government. Even the democratic rhetoric of the American Revolution worked surprisingly little immediate change in the political practices, institutions, and culture of Virginia. The counterrevolution of the 1880s culminated in the Constitution of 1902 that disfranchised the remainder of African Americans. Virginians who could vote reversed the democratic reforms embodied in the constitutions of 1851, 1864, and 1869, so that the antidemocratic Byrd organization could dominate Virginia's public life for
