The Use It! Don't Lose It! Daily Practice Series helps your students use their skills, so they won't lose them! There are five problems a day, every day, for 36 weeks. The practice activities are set up in a spiraling scope and sequence so that students practice skills at regular intervals. Each week problems are based on a grade-level appropriate topic so every time a skill shows up, it has a new context, requiring students to dig into their memories, recall what they know, and apply it to a new situation. Correlated to state and national standards, this six book series provides daily math and daily language practice.

GRADE 3–5/AGES 8–9: This book helps children find a variety of intriguing problems and problem-solving methods. Using the tips offered, solving these problems will help students develop skill as a mathematical thinker. INCLUDES: An introduction explaining the Singapore Math method, common word problems found on assessments, and an answer key with worked out solutions that help students see how to work the problems. WHY SINGAPORE MATH: Many students struggle with word problems. The Singapore Math curriculum aims to help students develop necessary concepts and skills for everyday life. COMPREHENSIVE: Key concepts are introduced and built-on to reinforce mathematical ideas and thinking. Features one problem per page, so as not to be overwhelming to young learners. HOMESCHOOL FRIENDLY: Perfect as a supplement to classroom work or as a homeschool resource, this series is perfect for students who are ready to apply what they know to real-world scenarios.

Make math matter to students in grade 5 using Daily Math Warm-Ups! This 128-page resource introduces, reinforces, and assesses math skills and fosters further understanding of

math concepts. It includes 180 daily lessons; computation, graphing, and word-problem exercises; 18 assessments in standardized-test format; 12 real-world application activities; and a reproducible problem-solving strategy guide. The book supports NCTM standards.

Support third-grade students with 180 daily practice activities to build their mathematical fluency. Each problem is tied to a specific mathematical concept to help students gain regular practice of key grade-level skills. This book features quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards, and includes data-driven assessment tips. Digital resources include assessment analysis tools and pdfs of the activity sheets. With these daily practice activities, teachers and parents will be helping third graders improve their math skills in no time!
