Covering cities, states, and regions of the United States, these richly illustrated handbooks capture the character and culture of important American destinations, along with topical essays, color maps, and capsule reviews of restaurants and hotels.

Womens Health magazine speaks to every aspect of a woman's life including health, fitness, nutrition, emotional well-being, sex and relationships, beauty and style.

Describes the lives of women of various backgrounds as they traveled west, established homes, worked inside and outside the home, and helped to develop settled society

Despite its inviting splendor, Coeur d'Alene was home to violent conflict and lascivious mischief in its earliest years. Newspapers echo accounts of desperate gamblers, prostitutes and prospectors who did everything they could to secure their own future--at all costs. Town druggist Mr. Salis Smith concocted medicine composed of 50 percent alcohol mixed with cocaine or opium for the despondent. Characters like Bootleg Mary or murderous Fatty Carroll, notorious for employing shallow graves, populate dark tales of hushed murders, illegal gambling and corrupt politics. From bloody mining disputes to outlaw train robberies, author Deborah Cuyle recounts the sordid, salacious and sinful sides of Lake City's past.

Describes the events surrounding the discovery of gold in California, the huge migration it brought to the area, and the lifestyles of miners and mining towns.

The author considers events that occurred during his lifetime and that contributed to America's rise to world power status, as told through his personal experiences in childhood, in college, and during war times.

The First Big Ride™: A Woman's Journey, by Eloise Hanner, is the story of the first Big Ride across America from Seattle to Washington, D.C., in the summer of 1998. This is not the story of an athletic event so much as it is an inspiration for everyone who sits at a desk and wonders if the time for adventure has passed them by.™

While known as the home of Father's Day, Spokane benefited from its share of trailblazing women. In 1886, Mother Joseph, a pioneering architect, constructed the first Sacred Heart Hospital. After fire destroyed thirty-six blocks in 1889, Anna Stratton Browne and her friends raised \$10,000 to build a home for needy children that operated for six decades. And in early 1908, May Hutton became president of the Spokane Equal Suffrage League, persevering until 1910, when Washington voters gave women the vote. Historian Nancy Driscoll Engle commemorates the unforgettable contributions of Spokane's women.
