Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college

graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his ré sumé , he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In Act Like a Lady, Think Like a Man, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, Act Like a Lady, Think Like a Man is a book you must read if you want to understand how men think when it comes to relationships.

How are you going to snag one if you don't know how to....Think Like a Guy? E! News anchor Giuliana DePandi knows that if you want a little piece of his heart, you're going to have to learn to get into his head--and she shares her knowledge as an on-the-town dater in L.A. into this funny but oh-so-practical and effective volume. DePandi knows what it's like "out there", and has done extensive field work to learn what turns guys off...and on. Here's a pop quiz: Should you ...mention your mom on a first date? ...cook a guy breakfast after your first sleepover at his place? ...pick at your food when he takes you to dinner? ...tell him how many lovers you've had before he came along? ...leave him long voicemails if you can't reach him on the

phone? The resounding answer to all the questions above, according to DePandi, is: NO! You should, in fact, be busy and breezy, offer to pay for dinner, leave short voicemails (and none at all if you don't have anything concrete to say), stay well-dressed and -groomed, and make your guy feel like he's the first to introduce you to anything kinky in bed. Think Like a Guy is a hard-headed practical book for women who acknowledge that men and women simply think differently.

Explore how entrepreneurial thinking can dramatically improve your work, life and relationships Having the drive, ambition and inspiration to start a new business takes a special mind-set and self-confidence—think Steve Jobs, Elon Musk, Mark Zuckerberg. It's no wonder that we regard successful entrepreneurs as modern-day magicians, transforming sometimes-radical ideas into global brands that change the way we live our lives. But what if that spirit and drive were applied to the world outside of business start-ups? An entrepreneur seeks to build something from nothing, to take an inspired idea and make it a reality. In How to Think Like an Entrepreneur, Philip Delves Broughton will explore what it takes to be a successful entrepreneur—the ability to disrupt the status quo and generate fresh perspectives—and ultimately lead us to the heart of great entrepreneurial thinking: an understanding of our deepest human needs. By harnessing the passion, verve and limitless imagination of an entrepreneur, this book will show you new ways to improve your business, but also your life and relationships. Explains how to ignite innate creativity and free thought processes through the discovery of hidden connections among familiar things

In Think Like a Horse, veteran "horse whisperer" and leadership expert Grant Gollhofer applies his hard-won horse sense to teach invaluable lessons anyone can use to live a fuller, more successful life. Grant Gollhofer is what some would call a "horse whisperer," able to get a wild horse to calmly accept a saddle and a rider without the use of force. Through training thousands of horses, many traumatized or abused, Gollhofer was able to learn essential lessons about communication, boundaries, fairness, trust, and respect—lessons that apply not just to horses but to humans as well. It's why celebrities, Fortune 500 executives, professional coaches, supreme court justices, and even ordinary families from around the world flock to his Wyoming ranch every year to take part in what one CEO called "the most transformational experience I have ever encountered." Horse whispering may sound like magic, but as Grant explains in Think Like a Horse, it's not really all that mysterious. The lessons he shares are as fundamental and ageless as the relationship between horses, the people who ride them, and the beauty of the West. In fact, it's an approach that anyone can learn, and should learn, in order to better understand our common humanity, overcome trauma, foster more fulfilled relationships, and unlock untapped potential in virtually every aspect of our lives. All you have to do is think like a horse.
