A guide to programs currently available on video in the areas of movies/entertainment, general interest/education, sports/recreation, fine arts, health/science, business/industry, children/juvenile, how-to/instruction.

Offers advice on evaluating videos for children, and recommends videos for children in each age group from preschool to teenagers

Lists more than one thousand of the best children's videos by category, as compiled by child development specialists, and includes information on children's television, video, and CD-ROM products

From classroom aids to corporate training programs, technical resources to self-help guides, children's features to documentaries, theatrical releases to straight-to-video movies, The Video Source Book continues its comprehensive coverage of the wide universe of video offerings with more than 130,000 complete program listings, encompassing more than 160,000 videos. All listings are arranged alphabetically by title. Each entry provides a description of the program and information on obtaining the title. Six indexes -- alternate title, subject, credits, awards, special formats and program
