Science fiction and fantasy is one of the most challenging--and rewarding!--genres in the bookstore. But with New York Times bestselling author Philip Athans and fantasy giant R. A. Salvatore at your side, you'll create worlds that draw your readers in--and keep them reading! Just as important, you'll learn how to prepare your work for today's market. Drawing on his years of experience as one of the most acclaimed professionals in publishing, Wizards of the Coast editor Athans explains how to set your novel apart--and break into this lucrative field. From devising clever plots and building complex characters to inventing original technologies and crafting alien civilizations, Athans gives you the techniques you need to write strong, saleable narratives. Plus! Athans applies all of these critical lessons together in an unprecedented deconstruction of a never-before-published tale by the one and only R. A. Salvatore! There are books on writing science fiction and fantasy, and then there's this book--the only one you need to create strange, wonderful worlds for your own universe of readers!

This gift book for anyone who filled a father's role by choice is a reminder that being a father is far more than just biological. It's a relationship. He Didn't Have to Be is a tender salute to a stepfather who becomes a loving dad to a child even though he "didn't have to be" one. And as the child - now grown and a new father - considers the birth of his own baby, the new father hopes that he is "at least half the dad that his stepfather didn't have to be." Written by CMA award winning and Grammy nominated Brad Paisley and songwriter Kelley Lovelace, and including a CD of the popular song, He Didn't Have to Be will be a much-given gift this holiday season and again at Father's Day.

Written by outstanding authorities in the field, this Northwest guide tells in interesting and readable fashion how to find and identify the various salamanders, frogs, turtles, lizards, and snakes that inhabit Washington, Oregon, Idaho, and British Columbia.
