Machining is an essential part of high-performance engine building and stock rebuilding, as well as certain servicing procedures. Although you may not own the expensive tooling and machining to perform all or any of the machining required for a quality build, you need to understand the principles, procedures, and goals for machining, so you can guide the machining process when outsourced. Classic and older engines typically require extensive machining and almost every major component of engine, including block, heads, intake, crankshaft, and pistons, require some sort of machining and fitment. A detailed, authoritative, and thorough automotive engine-machining guide for the hard-core enthusiast has not been

available until now. Mike Mavrigian, editor of Engine Building Professional, walks you through each important machining procedure. A stock 300-hp engine build has far different requirements than a 1,000-hp drag race engine, and Mavrigian reveals the different machining procedures and plans according to application and engine design. The author also shows you how to inspect, measure, and evaluate components so you can provide astute guidance and make the best machine work choices. Machining procedures included are cylinder boring, align boring/honing, decking, valveseat cutting, cam tunnel boring, and a multitude of other services. In addition, multi-angle valve jobs, setting the valveseats, altering rocker arm ratio, re-conditioning connecting rods, and machining and matching valvetrain components are also covered. Whether you're an enthusiast engine builder or prospective machining student who wants to pursue a career as an automotive machinist, this book will provide insight and in-depth instruction for performing the most common and important machining procedures.

Carnival Magic features a mysterious carnival, an ominous psychic, and a wind that whisks Tess and Max away from their vacation in South Devon, England. Which fantastical world will they find when the psychic's wagon stops? Tess and Max are back in England for another summer with their Aunt Evie--this time by the seashore in South Devon. And they're incredibly excited about the

travelling carnival that's come to town. There are rides, games, acrobats, The House of Mirrors--and even a psychic, with a beautiful wagon all her own. In a visit to the psychic's wagon, while Tess is being hypnotized, the wagon seems to move. Before Tess can shake herself out of the hypnosis, before Max can do anything, they seem to be travelling--along with the rest of the carnival--too quickly for the two of them to jump out. But where are they going and what awaits them? Will they be caught in a world different from their own? And do the Baranova twins, acrobats who miss their sister almost as much as Tess and Max miss their family, hold the keys to the mystery? Internationally bestselling author Amy Ephron returns with a companion novel to *The Castle in the Mist* and creates a magical tale filled with adventure, mystery, fantasy, family, and fun. Praise for *Carnival Magic* "Full of wonder and real-life enchantment, Amy Ephron's *Carnival Magic* is a charming adventure that will make a believer out of anyone!" --Rachel Vail, author of *Well, That Was Awkward* and the *Friendship Ring* series "Tess is a thoroughly modern heroine: She's athletic, impulsive, and fearless . . . The siblings are authentic children [and] the fantastic elements are the stuff of daydreams. Perfect for classroom read-alouds." --Kirkus Reviews "The short chapters filled with mystery and action will have readers eagerly continuing to discover the secrets that await them. . . . Fans of

the first book will be eager for this fun middle-grade fantasy with a classic sensibility." --Booklist "The setting is contemporary--yet the language and tone feel distinctly nostalgic. This novel, which works as a stand alone, will captivate readers who enjoy their whimsy with a dash of risk." --School Library Journal "[Carnival Magic is] a softer otherworldly take on childhood mystery, reminiscent of classics like *A Secret Garden* . . . [it] is in itself an escape. Tess especially follows in that lineage of strong, intelligent female characters - a sort of Lucy Pevensie/Hermione Granger hybrid who is a leader, who believes in magic." --Teen Vogue "Amy Ephron has always been a magical storyteller. . . . In *Carnival Magic*, the companion book to Ephron's successful *The Castle in the Mist* . . . Tess and Max are teaching children and their parents about the power of thoughtful decision-making, loyalty, and self-confidence. Life lessons and carnival rides . . . the perfect beach read for all ages." --Parade "Ephron renders this magical world with such assertive beauty that readers of all ages, who are fortunate enough to believe in the power of magic, will enjoy immersing themselves in the roller-coaster fun of these stories, and come to trust, even if for a short time, that in this 'alternate universe' it is possible for us to come together and 'touch the sky.'" --Jewish Journal
