the textile market. Inkjet
textile printing is growing
while growth in analog
textile printing remains
stagnant. As digital print
technologies improve
offering faster production

print runs, digital printing
will grow to become the
technology that provides the
majority of the world's
printed textiles. This
comprehensive introduction
to the subject is broken

Islam is not only a religion, but also a culture, tradition, and civilization. There are currently 1.5 billion people in the world who identify themselves as Muslim. Two

Printmaster 74
thirds of the worldwide
Muslim population, i.e.
approximately a billion
people, live in forty-eight
Muslim majority countries
(MMC) in the world- all of
which except one are in
Africa and Asia. Of these

From the reviews: "The highly esteemed 1990 first edition of this book now appears in a much expanded second edition. The difference between the first two English editions is entirely due to the addition
