Oxford Journals

Rheumatology is a monthly peer-reviewed medical journal published by Oxford University Press. It is one of two official journals of the British Society for Rheumatology, the other being Rheumatology Advances in Practice. The journal covers all aspects of paediatric and adult rheumatological conditions.

Rheumatology (journal) - Wikipedia

About The Journal of Rheumatology The Journal of Rheumatology is owned by the Canadian Rheumatology Association, a nonprofit organization and the national professional association for Canadian rheumatologists. This journal is published monthly by The Journal of Rheumatology Publishing Co. Ltd.

The Journal of Rheumatology

Introduction. RA is a chronic inflammatory disease which often causes joint pain, bone destruction and disability. In the past decade, use of DMARDs including biological agents has significantly improved treatment outcomes as documented in randomized controlled trials (RCTs) []. These RCTs have relied upon the ACR or the European League Against Rheumatism (EULAR) response criteria as composite ...
