but, above all, they are full of hope. The climate crisis can feel overwhelming but, as this book shows, for every problem there are young voices raising awareness, creating solutions and demanding that things change. It's not too late to save the world. United, we really are unstoppable.

Letters from Burma - an unforgettable collection from the Nobel Peace prize winner Aung San Suu Kyi In these astonishing letters, Aung San Suu Kyi reaches out beyond Burma's borders to paint for her readers a vivid and poignant picture of her native land. Here she celebrates the courageous army officers, academics, actors and everyday people who have supported the National League for Democracy, often at great risk to their own lives. She reveals the impact of political decisions on the people of Burma, from the terrible cost to the children of imprisoned dissidents - allowed to see their parents for only fifteen minutes every fortnight - to the effect of inflation on the national diet and of state repression on traditions of hospitality. She also evokes the beauty of the country's seasons and scenery, customs and festivities that remain so close to her heart. Through these remarkable letters, the reader catches a glimpse of exactly what is at stake as Suu Kyi fights on for freedom in Burma, and of the love for her homeland that sustains her non-violent battle. Includes an introduction from Fergal Keane 'Aung San Suu Kyi has become a global symbol of peaceful resistance, courage and apparently endless endurance' Guardian 'A real hero in an age of phony phone-in celebrity, which hands out that title freely to the most spoiled and underqualified' Bono, Time Aung San Suu Kyi is the leader of Burma's National League for Democracy. She was placed under house arrest in Rangoon in 1989, where she remained for almost 15 of the 21 years until her release in 2010, becoming one of the world's most prominent political

This book offers a first-time essential guide on how to work well with Burmese people. It assists expatriates in achieving success in Myanmar by helping them overcome the biggest challenge of expats here - the cultural conflicts. Do you want to know "What Readers Say about the Book"? Please "Look Inside"! An enchanting and mysterious country awakening after 60 years of dictatorship and isolation, Myanmar is emerging as the last frontier market. In the newly-opened country full of oddities and quirks, expats have found lots of challenges, especially cultural differences and subsequent cultural conflicts. It looks like "Men Are from Mars and Women are from Venus." When Global Meets Local - How Expatriates Can Succeed in Myanmar: Full of vivid, real-life stories, the book presents, in a simple and applicable fashion for super-busy expats, the following: · 2 Survival Rules of Social Interaction and the most common cultural conflicts in Myanmar· 3 Keys to Success and 12 Simple and Applicable Lessons· What the locals think of foreigners and 15 comparable thoughts between expatriates and locals (how they easily misinterpret each other's "strange" behaviours)· Things expats wish they knew before coming here so they may avoid re-inventing the wheel and save lots of time, effort and money.· How to foster good relationships with the locals (a must)· How to fix any damage done · Suggestions to Win - either for a two-year contract expat or a more long term one Having lived in Myanmar for six years doing business in HR services, author Hana Bui has a strong interest in global-local interrelations. She holds an MA degree on Globalization and Communications from University of Leicester, England. The author did a survey of over a hundred expatriates who work or have worked in Myanmar for over a year, plus over 50 local

professionals. Further, 30 in-depth interviews were conducted. The interviewees are mostly in the commercial sector, but NGOs and diplomatic organizations are also included. The two Survival Rules, three Keys to Succeed, and twelve Simple and Applicable Lessons are gained from cultural insight into the values, beliefs, attitudes and behaviors of the amiable Burmese people. The book also assesses the local corporate working culture and the characteristics of the local talent pool. Plus, there are authentic stories of local giants transforming their lucrative businesses in a new, competitive, and open business environment. Who the book would benefit: · New expats and entrepreneurs coming here to work· Existing expats and entrepreneurs who want to improve their effectiveness and efficiency · Expatriates and investors who want to come to Myanmar or who are considering doing so· Travelers who want to have a deeper understanding about the people in the Golden Land· Local entrepreneurs and professionals who often work with expats, especially HR professionals· Anyone who is interested in gaining an understanding about Myanmar culture, business, and people in the transition period of connecting with the global world.

If you ask most Americans what they think about the FBI, they would tell you it's far and away the government agency they trust the most. The Bureau has, for decades, sold an image of itself as efficient, professional, unbiased, and untouchable by corruption. That portrait is a sham. Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict-of-interests of the D.C. political class. They have found massive self-enrichment and political bias at the highest levels of government—including the Justice Department and the FBI. Indeed, the nation's most important law enforcement agency has become so compromised that every major investigation should face intense scrutiny from the public, the media, and from Congress. James Comey, Robert Mueller, Andrew McCabe, and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch.

This book presents a compilation of selected papers from the first International Conference on Big Data Analysis and Deep Learning Applications (ICBDL 2018), and focuses on novel techniques in the fields of big data analysis, machine learning, system monitoring, image processing, conventional neural networks, communication, industrial information, and their applications. "Mirka is still the only monster-fighting girl in town ... except for a little new competition from Layele, her six-year-old sister, who is determined to get them both into trouble. Unluckily for babysitter Mirka, one very cranky magic fish who's had a run-in with Mirka's family before is determined to cause as much trouble as it can. No matter how hard Mirka fights this fish-out-of-water--even with the help of a not-so-helpful Troll--it just gets stronger. She's going to have to find a way to trick it into leaving her and her family alone before she gets in too deep!"--

Welcome to Hereville, home of the first-ever wisecracking, adventure-loving, sword-wielding Orthodox Jewish heroine. A delightful mix of fantasy, adventure, cultural traditions, and preteen commotion, this fun, quirky graphic novel series will captivate middle-school readers with its exciting visuals and entertaining new heroine. Mirka is back, and she's still the only sword-brandishing, monster-fighting Orthodox Jewish girl in town. Or so she thinks. When a misguided troll aims a meteor at the witch's house, the witch grabs hold of the closest thing possible to transform the flying, flaming rock--and that would be Mirka's hair. The meteor is changed, all right: it's now Mirka's identical twin. Doppelganger Mirka, vowing to be a better version of the real girl, sets out to charm all of Hereville, including Mirka's own family. Our heroine challenges the meteor girl to a three-part contest . . . and the loser will be banished from Hereville forever! Orthodox village and continues to capture it adroitly... Mirka is unflinchingly likable because she is so tempestuous and inexact, and really, who can't relate to that? This truly clever series is lots of fun." Kirkus Reviews, starred review "The color illustrations are as crisp and clear as they come. The endlessly creative panel and perspective work adds visual interest and gives experienced graphic-novel readers plenty to savor. A well-crafted addition to a truly distinctive series." School Library Journal, starred review "She's both a fish out of water (she dreams of being a sword-wielding dragon slayer) and committed to her Orthodox Jewish faith, family, and community. All of this makes her one of the most original and comically endearing heroines to come down the pike in a long time." Publishers Weekly, starred review "The graphic novel format serves the quirky story well, with strong inks and a subdued palette that emphasize characters' personalities and facial expressions as well as the tale's action. As with Mirka's first adventure, this volume brings diversity and wit to comics for young teens and tweens..." The Horn Book Magazine "Deutsch is a masterful storyteller with both realistic kid patter and expressive cartoons—not only of Orthodox life but also of assorted trolls and other mostly benign fantasy creatures. A spunky adventure in kid-accessible truths revealed through the employment of fantasy."
